

**ORDINANCE NO. 5176**  
**ORDINANCE ADDING NEW CHAPTER 7.126 RELATING**  
**TO THE CULTIVATION OF MEDICAL CANNABIS**

The Board of Supervisors of Santa Cruz County hereby finds and declares the following:

WHEREAS, in 1992 the voters of the County of Santa Cruz enacted Measure "A", adding Chapter 7.122 to the Santa Cruz County Code which declared support for making cannabis available for medical use; and

WHEREAS, in 1996, the voters of the State of California approved Proposition 215 (codified as California Health and Safety Code section 11362.5, and entitled "The Compassionate Use Act of 1996").

WHEREAS, the intent of Proposition 215 was to enable persons who are in need of cannabis for medical purposes to use it without fear of criminal prosecution under limited, specified circumstances. The proposition further provides that "nothing in this section shall be construed to supersede legislation prohibiting persons from engaging in conduct that endangers others, or to condone the diversion of cannabis for non-medical purposes." The ballot arguments supporting Proposition 215 expressly acknowledged that "Proposition 215 does not allow unlimited quantities of cannabis to be grown anywhere"; and

WHEREAS, the Board of Supervisors added Chapter 7.124 to the Santa Cruz County Code which implemented provisions of Proposition 215 by establishing a medical cannabis identification card program operated by the County; and

WHEREAS, in 2004, the Legislature enacted Senate Bill 420 (codified as California Health and Safety Code sections 11362.7 et seq.) to clarify the scope of Proposition 215, and to provide qualifying patients and primary caregivers who collectively or cooperatively cultivate cannabis for medical purposes with a limited defense to certain specified State criminal statutes; and

WHEREAS, Health and Safety Code section 11362.83 expressly allows cities and counties to adopt and enforce ordinances that are consistent with Senate Bill 420; and

WHEREAS, following enactment of Senate Bill 420, Chapter 7.124 was amended to establish local guidelines consistent with the new State law for the possession and cultivation of medical cannabis used by qualified patients and caregivers; and

WHEREAS, the Federal Controlled Substances Act, 21 U.S.C. §§ 801 et seq., classifies cannabis as a Schedule I Drug, which is defined as a drug or other substance that has a high potential for abuse, that has no currently accepted medical use in treatment in the United States, and that has not been accepted as safe for use under medical supervision. The Federal Controlled Substances Act makes it unlawful, under federal law, for any person to cultivate, manufacture, distribute or dispense, or possess with intent to manufacture, distribute or dispense, cannabis. The Federal Controlled Substances Act contains no exemption for the cultivation, manufacture, distribution, dispensation, or possession of cannabis for medical purposes; and

WHEREAS, the county's unique geographic and climatic conditions, which includes dense forested areas receiving substantial precipitation, are favorable to cannabis cultivation; and

WHEREAS, Proposition 215 and Senate Bill 420 primarily address the criminal law, providing qualifying patients and primary caregivers with limited immunity from state criminal prosecution under certain identified statutes. Proposition 215, Senate Bill 420, the relevant provisions of the Santa Cruz County Code, the Attorney General's August 2008 Guidelines for the Security and Non-Diversion of Marijuana Grown for Medical Use adopted pursuant to Senate Bill 420, do not provide comprehensive civil regulation of premises used for cannabis cultivation. The unregulated cultivation of cannabis in the unincorporated area of Santa Cruz County can adversely affect the health, safety, and well-being of the county and its residents. Comprehensive civil regulation of premises used for cannabis cultivation is proper and necessary to avoid the risks of criminal activity, degradation of the natural environment, obnoxious smells, and indoor electrical fire hazards that may result from unregulated cannabis cultivation, and that are especially significant if the amount of cannabis cultivated at a location is not regulated and substantial amounts of cannabis are thereby allowed to be concentrated in one place; and

WHEREAS, on May 6, 2013, the California Supreme Court unanimously ruled in *City of Riverside v. Inland Empire Patients Health and Wellness Center, Inc. ("Inland Empire")*, that California's medical cannabis laws do not preempt local ordinances that ban medical cannabis facilities. The Court found that the local police power derived from Article XI, section 7, of the California Constitution includes broad authority to determine, for purposes of public health, safety, and welfare, the appropriate uses of land within a local jurisdiction's borders, and that "[n]othing in the CUA or the MMP expressly or impliedly limits the inherent authority of a local jurisdiction, by its own ordinances, to regulate the use of its land, including the authority to provide that facilities for the distribution of medical cannabis will not be permitted operate within its borders"; and

WHEREAS; on December 10, 2013, the Board of Supervisors adopted an ordinance deleting then reenacting Chapter 7.124 of the Santa Cruz County Code, which prohibited medical cannabis businesses, but also granted a limited immunity from enforcement for such businesses that did not violate the restrictions and limitations added by that Chapter; and WHEREAS, cultivation of any amount of cannabis at locations or premises within six hundred feet of a school or public park, creates unique risks that the cannabis plants may be observed by juveniles, and therefore be especially vulnerable to theft or recreational consumption by juveniles. Further, the potential for criminal activities associated with cannabis cultivation in such locations poses heightened risks that juveniles will be involved or endangered. Therefore, cultivation of any amount of cannabis in such locations or premises is especially hazardous to public safety and welfare, and to the protection of children and the person(s) cultivating the cannabis plants; and

WHEREAS, as recognized by the Attorney General's August 2008 Guidelines for the Security and Non-Diversion of cannabis grown for medical use, the cultivation or other concentration of cannabis in any location or premises without adequate security increases the risk that surrounding homes or businesses may be negatively impacted by nuisance activity such as loitering or crime; and

WHEREAS, it is the purpose and intent of this chapter to implement State law by providing a means for regulating the cultivation of medical cannabis in a manner that is

consistent with State law and which balances the needs of medical patients and their caregivers and promotes the health, safety, and welfare of the residents and businesses within the unincorporated territory of Santa Cruz County. The intent and purpose of this chapter is to establish reasonable regulations upon the manner in which cannabis may be cultivated, including restrictions on the amount of cannabis that may be individually, collectively, or cooperatively cultivated in any location or premises, *in* order to protect the public health, safety, and welfare in Santa Cruz County; and

WHEREAS, the limited right of qualified patients and their primary caregivers under state law to cultivate cannabis plants for medical purposes does not confer the right to create or maintain a public nuisance. By adopting the regulations contained in this chapter, Santa Cruz County will achieve a significant reduction in the aforementioned harms caused or threatened by the unregulated cultivation of cannabis in the unincorporated area of the County; and

WHEREAS, nothing in this ordinance shall be construed to allow the use of cannabis for non-medical purposes, or allow any activity relating to the cultivation, distribution, or consumption of cannabis that is otherwise illegal under State or federal law. No provision of this chapter shall be deemed a defense or immunity to any action brought against any person by the Santa Cruz County District Attorney, the Attorney General of the State of California, or the United States of America.

NOW THEREFORE the Board of Supervisors of the County of Santa Cruz ordains as follows:
